

What is the NHS?

Who is Aneurin Bevan?

How is the NHS paid for?

Is it a totally free service today?

Why were many doctors opposed to the NHS?

How were they persuaded to join?

What problems does the NHS face today?

Why do the government focus on prevention?

Give some examples of how they do this:

What has been the impact of the NHS?

Why has the impact been limited?

How might technology be used in the future to improve health and wellbeing?
