4th January 2021

MP/mm

Dear Parent/Carer,

NHS Test and Trace: COVID-19 testing for staff and pupils

We are working to keep our school as safe as possible. You may have heard that testing for those without coronavirus symptoms is beginning across the country using new, quicker COVID-19 tests known as 'lateral flow tests.'

Along with the other protective measures we are taking, these tests will help staff and pupils to remain in school safely. Up to one third of people who have coronavirus experience no symptoms. By testing we will help to stop the virus spread and help to keep our school open as safely as possible. The test is voluntary, but I would encourage everyone to take it.

We will be testing all staff and pupils in school who want to participate from week commencing 4th January 2021. Please find attached the COVID-19 testing leaflet that details what will happen during testing.

If you are happy for your child to be tested, please complete the google consent form link <https://docs.google.com/forms/d/e/1FAIpQLSdoC3pWlrrhQQyw8gyF-ZJDFaxpSFeNlgW3l3BG2dveaLq5ig/viewform?vc=0&c=0&w=1&flr=0> as soon as possible or by Wednesday 6th January at the very latest. Please note that students under the age of 16 years will not be able to be tested without parental consent.

Those taking the test will be supervised by trained staff. The 'lateral flow' tests are quick and easy using a swab of your nose and throat. For under 18s, staff can oversee the swab process. Results (which take around half an hour from testing) will be shared directly with staff and pupils participating. For under 16s, only parents of pupils testing positive will be informed.

We know these tests work - in validation studies conducted by Oxford University and Public Health England, they were shown to be as accurate in identifying a case as a PCR test (99.68% specificity). The tests have lower sensitivity, but they are better at picking up cases when a person has higher viral load, hence the need to test frequently.

Testing will be offered free of charge.

"TOP 100 NON-SELECTIVE STATE-FUNDED SCHOOLS IN THE COUNTRY" NICK GIBB, MINISTER OF STATE FOR SCHOOLS (FEBRUARY 2016)

What if a pupil tests positive?

Participating staff and pupils who test positive will be informed about their results individually. Where participants are under 16, parents or legal guardians will also be notified. Guidance on safe travel and additional precautions will be provided along with test results.

Pupils will need to take a further 'PCR test' (similar to those done in local and regional testing sites) on the same day (or as soon as possible). You can go to www.gov.uk/get-coronavirus-test or call 119 to book a follow-up test. If ordering a PCR test yourselves, you should choose to visit a drive-through test site if possible, as it is faster than requesting a home test.

During this time while you wait for the PCR result (via text / email) you will need to self-isolate. If the PCR test returns a positive result you will have to self-isolate and follow the guidance from NHS Test and Trace.

What happens if the test is negative?

They will be able to stay in school and resume their activities as normal. A pupil will only be told if they test positive on a 'lateral flow' test, so if you do not hear you can assume it was negative. A small number of pupils may need to repeat the test if the first test was invalid or void for some reason.

What if a close contact at school/college tests positive?

A close contact of someone in school who has tested positive for COVID-19 will be able to return to school if they agree to be tested once a day for 7 days and the test is negative. If they do not want to take the test, they will need to self-isolate as per the national guidelines. This does not apply to household members or close contacts outside of school who will still need to self-isolate. Further details will be provided at the time, but if you would prefer to self-isolate instead of doing daily testing, you can.

What if my child develops symptoms?

This testing programme at school is for people with no symptoms. If your child develops symptoms at any time (such as a high temperature; a new, continuous cough; or a loss or change to their sense of smell or taste) they must immediately self-isolate, and book a test by calling 119 (England, Wales and Northern Ireland) or visiting <https://www.gov.uk/get-coronavirus-test>.

Yours faithfully,

Marais Leenders

Headteacher

We are currently limiting the number of visitors we have on site due to Covid-19. If you are invited to come into school, as a parent/carer or any other purpose we are asking, to assist with reducing the spread of Covid 19, to bring and wear a mask at all times whilst on the school site and to complete a 'Test and Trace' form. To protect all, social distancing with a mask must be adhered to at all times across the whole site. Many thanks for your cooperation.
