Re: Parent Governor Vacancies

There are currently vacancies for parents on the Governing Body of our school.

A Governing Body is a group made up of parents, school staff (including the Head Teacher), and people from the local community who together oversee the development of the school. Governors do not manage the school, that is the responsibility of the Head Teacher and Leadership Team, but they do help determine the aims and values of the school, the priorities for development, and they help to monitor that the decisions they are making are having the desired effect.

Governors are not expected to be experts but need to be willing to work as part of a team, read papers, attend meetings and ask constructive and challenging questions. There is free training available and plenty of advice and support, both from the school and from other members of the Governing Body. Parents have invaluable experience to contribute. Although they will reflect their own and their children's experience, as a Governor they need to be able to consider the interests of all children and families in the school.

Parents, step parents and guardians are able to stand for election, nominate other parents and vote in an election for parent governors.

If you would be interested in becoming a Governor; if for any reason you are not sure if you are eligible, or if you have any other questions then please contact the Clerk.

Email: clerk@brentford.hounslow.sch.uk

I hope you will consider standing for this worthwhile and rewarding position.

Yours faithfully,

Natalie Fairclough Clerk to the Governors on behalf of Brentford School for Girls

If you are invited to come into school, as a parent/carer or any other purpose we are asking, to assist with reducing the spread of Covid 19, to bring and wear a mask at all times whilst on the school site and to complete a 'Test and Trace' form. Many thanks for your cooperation.
