22<sup>nd</sup> November 2024

Dear Parent/Carer,

Please find attached the report from our recent Ofsted inspection. We are delighted with some of the fantastic comments they have made about the school and the girls. Including, recognising that girls feel happy and safe' and that they are polite and courteous, and respectful of one another. As well as recognizing this, the report identifies the good subject knowledge teachers have, the strength of our school curriculum and the strong outcomes that pupils make . The Ofsted reports are pretty short, and sadly do not cover all areas of the school, in terms of subjects and aspects in detail. The verbal feedback that the inspectors gave us over the two days they were in school, was highly complementary about our school community.

Thank you to all of those parents who completed the survey during the inspection, and for all of your continued support across the school.

Please do take some time to read the report.

Yours faithfully,

Marais Leenders  
**Headteacher**
