Dear Parent/Carer,

I hope you and your family have had an enjoyable and restful summer break and you are ready for the year ahead.

We would like to remind you that our school has recently moved from using **SIMS** to a new management information system, **Arbor**, which fully launched this September. This change will help us improve how we manage student information, communication, and reporting in the long term.

As a result of this transition, you may notice that some letters, reports, or communications you receive from the school will look a little different from before. While we are working hard to ensure a smooth changeover, there may be occasional delays or minor glitches as we adjust to the new system. We kindly ask for your patience and understanding during this period.

Your feedback is very important to us as we continue to refine our processes. In the near future, we will be inviting parents and carers through surveys, to share your thoughts about the new system. This will help us ensure that the information you receive from the school is as clear and useful as possible.

We are also pleased to let you know that later this term, we will be launching a **parent app** linked to Arbor. This will give you easy and ready access to key information about your daughter's progress, attendance and general conduct, helping to keep you informed and up to date.

Please also see below for a reminder of the dates and times that your daughter will be returning to school this term

Regards,

Ms Singh
